

Dear Colleague:

The 2016 Houston/Galveston National Weather Service Hurricane Workshop is scheduled for **Saturday, May 21** from **10:00 am – 3:00 pm** with the **Kids Zone open from 10:30 am – 2:30 pm**. This award winning public workshop is the largest event of its type (with nearly **5,000 visitors** at last year's workshop) and will take place at the **George R. Brown Convention Center – Exhibit Hall A3**. We hope you will consider participating in the Kids Zone! As always, there is no charge for exhibitors.

Booth spaces are 10' x 10', unless you specify that you need a larger space. A 6-foot table with 2 chairs will be provided. Each table will be skirted, although you are welcome to use your own tablecloth with your company's logo on it. There is *no* free parking available. Paid parking may be found on nearby city streets and in the lots adjacent to the George R. Brown Convention Center. Lunch tickets will be provided to exhibitors.

Since the entire workshop will be held in Exhibit Hall A3, we ask that you complete your booth's **setup by 9:30am** at the latest. An opening ceremony will be conducted at 10:00am and the **Kids Zone will officially open at 10:30am**.

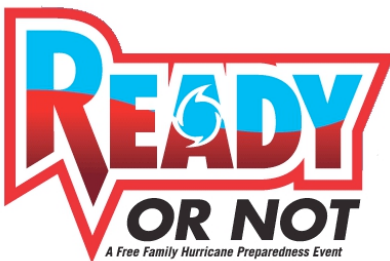

Please fill out the form below and email it back to me before Friday, May 10, 2015. Electricity will be provided free of charge if you request it before the event. Children will be participating in several activities in the Kids Zone, but we also request that you conduct a hands-on activity with the children visiting your booth (not necessarily weather related). Displaying information about your organization and programs is encouraged.

Do not hesitate to contact me with any questions or concerns. Thank you and we look forward to May 21!

Sincerely,

Jill F. Hasling
